Games Rules

How to play Match the Dolls:

A

the game, all the cards are mixed up and laid in 4 rows, face down.

To start the game click START GAME button and once you click that button the Timer will start counting from 100 down and you have this time to reveal 8 pairs of cards.

step1

The player starts and turns over two cards.

step2

If the cards don't match, it's not a pair then the player turns the cards back

step3

The player starts and turns over another two cards

step4

Here, the player remembered the position of the cards and he turns over the two correct cards.

step5

The two cards match, it's a pair! The player keeps the cards and can continue to play again...

step6

When the player have found all the pairs, the game is over.

step7

If the player don't discover all 8 pairs in the time provided then the player will loose the game.

step8

To start again you have to press te RESET button to reset the game an then press the START GAME button to start a new game
